Andaman and Nicobar Islands.

A- resourced
her name
for issuance
of temporary
tribal pass by DC
for this study.

Post Blair.
Date - 6th July 2017, Post Blair.

Subject - issue of a temporary permit for
10 days to study the Nicobar
Crab eating macaque.

Respected Sir,

I am a PhD Scholar at IISER Mohali and
I have submitted my research proposal on Nicobar Crab
eating macaque. According to schedule I am suppose
to present my proposal on 13th July 2017. Sir, since
the procedure will take time I have one request; if
you could please issue me a temporary permit to
see the potential of my research topic on the species
just for 10 days (14th July 2017 - 24th July 2017) for
Katchall and Little Nicobar islands. I will make my
presentation and will immediately leave the next day
for field. This is very important to do as the
research topic I am dealing with has not yet been
studied in India; moreover I have to return back
to my institute by 26th July to submit my confirma-
-tion field site for my PhD work. I will be very grateful
if you would kindly do the needful soon so
that I can apply for the tribal area pass and
get it approved before 13th July 2017.
Thank you.
