No.

(91) for establishing contact with the Jarawa and the Sentinelese vide the Administration Order No. 3103, dated 3.7.85 at flag 'A'. The contact expedition to the Jarawa and North Sentinelese Island is usually combined except during rainy season (It is not possible to land on <sup>the</sup> North Sentinel Island when the sea is rough). If the members of the contact team are not available for going on contact expedition. Further when the contact expedition to Jarawa area and North Sentinel Island is combined, there seems to be <sup>a necessity</sup> no <sup>necessary</sup> of two different contact teams. Therefore it is proposed to have one contact team for both Jarawa and Sentinelese instead of the existing two. The composition of the proposed contact team members is proposed as under.
