organise the contact with the Jarawas during 28th to 30th September, 1994. Availability of MV Tarmugli has been ascertained from the Directorate of Shipping Services by the undersigned. The constitution of the team as per orders dated 3.7.1985 (placed opposite) needs to be modified. In the meanwhile, the team may comprise as indicated at para 92/N with the slight modification that instead of a Linguist from the Central Institute of Indian Languages, Mysore, an expert from the Anthropological Survey of India Unit at Port Blair may be associated as it may not be possible for the CIIL representation to arrive in time. Further, it will be very useful if Shri S.A. Awaradi, Addl. District Magistrate, who has been associated with such Jarawa contacts during the last 2-3 years also participates as a representative of DC(A). We also propose to carry 2 Ongese to be taken along with to assist in understanding the language of the Jarawas. All concerned are being suitably advised to be in readiness.

CS and Hon'ble Lt. Governor may kindly see if it will be convenient for them to lead the team.
