

as appeared at para 109/n, an
exp. Sanction order for Rs. 12820/- is added
for Sir's please.

PUC is a bill at page 136/C, furnished by the Executive Engineer
Minor Irrigation Division, Hut Bay, regarding hire charges of
departmental truck used by the Plantation in-Charge, Dugong Creek on
28.12.2000 and 30.12.2000.

The bill may be sent to the Plantation in-Charge for his verification
since the same has been sent directly to this Office.

A draft letter addressed to the Plantation in-Charge is added for
approval please.

Executive Secretary

Accountant

PUC is a note at page 136/C, from the Director
(TW), regarding "prevention of Misuse of food items etc
given to Onge."

The note indicates that the milk provided to the Onge
as free ration and to their children as supplementary food are
taken back by some bad elements of AAJVS and sold in the
market.

It is proposed that the following steps may be adopted
to avoid such a thing to happen in future:

- a. The Medical Officer should place the monthly indent
for supply of supplementary food during the first week
of every month;
- b. The baby food should be distributed through OMPCS
in the presence of the distribution committee which
includes Social Worker, Plantation in-Charge, SBEO,
Group "D" staff of AAJVS, Electricity department,
Police etc;
- c. The distribution chart should be submitted every week
to the Social Worker for onward submission to
Executive Secretary;
- d. The baby food should be handed over to the parents of
the concerned Onge child;
- e. The Social Worker be entrusted the power to verify the
baggage of all staff and others entering and leaving
Dugong Creek;
