

Discussed with Director (TW) please.

This is regarding three signals sent by the Social Worker, Onge Settlement, Dugong Creek as mentioned at para 44 to 48/ante please.

27 nos. against the supply order of 82 pieces of padlocks were delivered at Dugong Creek through Shri. Debashish Mondal, Ward Attendant, AAJVS. But the same was unsuitable. The matter was conveyed to the Officials of CCWS Ltd and they have agreed to take it back. The padlock required for Onge huts are not available in Port Blair, therefore the request of Social Worker may be agreed to for fabrication at Hut Bay, which is mentioned at para 45/N.

Secondly, as mentioned at para 48/ante, we may send a signal to Executive Engineer, Minor Irrigation Division, <sup>and copy to SE HWD, Port Blair</sup> to get details of repairs undertaken in the old Onge huts and the authority directing to do so.

Submitted for approval please.

Executive Secretary,  
AAJVS
