(5)

May kindly refer observations of Secretary (TW) at para 60/N please.

(5)

This is regarding organizing a health camp at Onge Settlement, Dugong Creek. As directed a copy of Order no: 4033 dated 6th November 2008 is placed at page 26/C for kind perusal please.

(5)

It was proposed at para 56/N for a camp on 8th to 10th November 2008, but since Directorate of Health Services was celebrating National Filaria week, they could not proceed on the above dates as informed by Deputy Director (TH). As such he has requested to arrange for a trip on 14th and 15th November 2008 over phone. But this is not possible now considering the inclement weather conditions prevailing over Andaman Sea and Bay of Bengal. The Directorate of Shipping Services has cancelled all the ferry services till improvement of the weather condition.

(5)

Therefore, it is proposed to wait for another couple of days / or a week to take any further decision please.
