This is a letter from the Deputy Director (TH), regarding visit of Health Team to Dugong Creek.

The Deputy Director (TH) has requested for deployment of hospital ship during first / second week of January 2009 so as to provide medical coverage to Onges tribes at their door steps. He has further informed that a health team consisting of Ophthalmologist, Deputy Director, Family Welfare, with para medical personnel including refrigerator technicians are ready to proceed to Dugong Creek. Dr. R.C. Kar informed that the team would like to proceed to Dugong Creek on 9th January 2009 (late night so as to arrive at Dugong Creek in early hours next day).

The Secretary (TW) has directed to do the needful.

It is worthwhile to mention the recent incident that occurred at Onge Settlement which had taken away lives of 08 Onges.

Therefore, it is proposed that we may request Director of Shipping Services to deploy the services of MV Shompen for the above purpose.

Submitted please.

Executive Secretary
AAJVS

Say, Tw may pl see that a team of medical personnel including para medical also are going to Dugong Creek under the supervision of Dr. R.C. Kar on 9th Jan 2009 for medical coverage of Onges Tribes.
