

No. MID/DB/F-16(A)/98-99/589  
OFFICE OF THE EXECUTIVE ENGINEER  
MINOR IRRIGATION DIVISION  
ANDAMAN P.W.D.  
\*\*\*\*\*

Hut Bay, dated the

19.5.78

To

The Executive Secretary,  
AAJVS, A&N Administration,  
Port Blair.

Sub:- Providing Thatch Roofing and Aluminium Sheet  
Covering on Floors of Onge's Huts - regarding:-

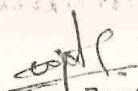

...

Sir,

This has been experienced and felt that, the Onge's Huts be provided with Thatch over A.C. Sheets in order to keep cool inside the Onge's Huts, so that, Onge's people do not leave their huts during summers. Secondly, Onge's people keep fire inside their huts and there is always a risk. Beside this, the wooden floors of all the huts get damaged badly due to fire. To avoid such damages to the huts a covering with Aluminium Sheet is felt necessary. The condition of the huts has been seen by yourself also during the visit of Hon'ble Defence Minister. ....

It is therefore requested to please convey your consent in this regard, so that, necessary estimates be framed and sent for Administrative Approval and Expenditure Sanction: ....

Yours faithfully,

  
Executive Engineer,  
Minor Irrigation Division,  
APWD, Hut Bay, L/Andaman.

Copy to:-

The Assistant Engineer-II and III for  
information and necessary action.

Executive Engineer,  
Minor Irrigation Division,  
APWD, Hut Bay, L/Andaman.
