**Sub : Repairs to Onge houses in Little Andaman Island.**

The matter relating to the maintenance of the Onge houses and the tribal settlements at Little Andaman was discussed today in the chamber of Chief Engineer, APWD. A general impression was apparently made that estimates for the works relating to the residential quarters of the employees / officials of AAJVS are only been sanctioned and not those for the repairs / maintenance of the Onge huts.

However, the scrutiny of the records available with the AAJVS office reveals that the following are the works sanctioned for the maintenance / repairs of the Onge houses and tribal settlements :

	<u>Works</u>	<u>Year</u>	<u>Amount</u>
1.	Supply of piped water at Dugong Creek.	1990	1,19,300/-
2.	Repairs of Onge houses at South Bay.	1991	1,75,100/-
3.	Construction of 6 nos Onge houses at South Bay	1993	1,50,000/-
4.	Repair of Onge huts	1993	1,91,184/-
5.	Repair of Onge houses and supply of piped water at Dugong Creek	1993	5,21,360/-
6.	Repair of Onge huts at Dugong Creek	1995	1,70,000/-
7.	Supply of piped water at Dugong Creek	1995	2,42,525/-
