Of late Jarawas of Middle Andaman Islands are visiting the settlement areas in the day time (.) This has resulted in uncontrolled contact of non tribal people with a jarawas which is not desirable as it may lead to introduction of disease etc. among the jarawas (.) Hence it is necessary to prevent any such free mixing of non tribals with the Jarawas(.) L.G. has desired to locate a secluded place to which Jarawas whenever they come to settlement areas could be taken to and gifts are given to them there and they are sent back from that place(.) Request identify such place somewhat near to Uttara Jetty or gandhi jetty and confirm (.)
