Para  
No.

96

PUC is an application dated 01/08/97 of M/s B.N. Das & Bros., Vegetable venders, Mohan Pura, Vegetable Market regarding increase of rate of Banana for supplying to the Jarawas.

97

The rate of Banana <sup>was</sup> last increased from Rs. 4.00 per to Rs. 5.00 per KG vide notes at Para 139-141/N (a Xerox copy is placed at page 44/C). <sup>As per</sup> the approval accorded to the Director (TW) <sup>It is</sup> about a year <sup>since</sup> hence the rate of Banana has increased. The supplier has stated that the current selling price of Banana in the Market is Rs. 8.00 per KG. So, he is unable to supply the Banana <sup>at</sup> the existing rate of Rs. 5.00 per KG incurring loss. He has asked for revision of rate of Banana from Rs. 5.00 to Rs. 6.90 per KG. I have checked from the Market and found that current selling of Banana is Rs. 8.00 per KG.

98

Therefore there appears to be no objection in increasing of rate from Rs. 5.00 to Rs. 6.90 per KG for supply of Banana for the Jarawas. As per item No. 3 of DFP of AAJVS, the Director (TW) is competent to approve the proposal.
