Dear Smti. NA Biswas,

This is regarding permission for putting up labour camps in Jarwa infested area beyond Jirkatang No.2 Police out post and upto Middle Strait for maintenance of ATR. The matter was earlier taken up by Superintending Engineer, CCI during July, 2000 with the Administration through Superintendent of Police (Andaman), Port Blair which did not yield favourable results.

As you are aware, ATR beyond Jirkatang No.2 Police out post up to Middle Strait for a length of 50 km requires frequent maintenance and improvement due to the heavy increase in the intensity of vehicular traffic.

Further, due to prevalence of rains for almost eight months in this Territory, the time period available for attending such repairs and improvement works is only five months. Therefore, it has become very much essential to set up labour camp at selected points to be identified by Executive Engineer, RCD and Executive Engineer, CDI, Rangat so as to cope up with increased volume of work within the short fair weather period available, to maintain the road to acceptable standard.

Presently, the workers are required to be carried all the way from Port Blair, thereby the actual working hours available gets reduced which makes impossible to get the required quantum of work done within the target besides other problems.

These labour camps would be purely temporary and will cease to exist the moment work is completed.

Therefore may I request you to reconsider the matter in the interest of work for granting permission for setting up labour camps between the reach Jirkatang No.2 to Middle Strait at few places to be identified by Executive Engineer, RCD and Executive Engineer, CDI, Rangat. Since the fair weather is already started, a favourable decision on the matter be communicated early for organising the work accordingly.
