

After break fast the contact team
 gifts gift articles such as coconuts, banana,
 red cloth left the mother boat by life boat.
 The Jarwas were very happy seeing us, some
 of the ~~women and~~ men are dancing on the
 beach, before reaching the shore all the
 Jarwas except the young children rushed
 at once to the life boat, and at first they
 grabbed the red cloth from all of us, and then
 started collecting the banana and coconuts.

For collecting they used the fishing nets. ~~and~~
 The Jarwas collected all the banana and coconuts
 which we took in our life boat. It is observed
 the collected banana and coconut they have
 segregated separately according to their
 family wise. It is noticed there were five
 families.

I. Demography / Population Structure

Total 24 Jarwas were contacted
 on both the days i.e. on 3-9-96 and 4-9-96

The data collected is tabulated in the following
 table.
