

to the faces and body of the Jarwas. It is also observed like once the wounds were designed in their faces. Some of the Jarwas ~~are~~ were having red soil applied on their heads. The reason was asked with Enne, he answered that by applying red soil ~~to~~ one can get relief from the body pains.

VI Family

Family is the smallest unit among the Jarwa Social Organisation. On both the days of contact we noticed five families, all the five families are nuclear families. The size of the family varies from one to another. We are not able to collect the genealogy because ~~the~~ it became very difficult for us to group the people ~~as~~ a family separately. I hope we may be successful in the next attempt.

VII Status of women

The Status of women is equal with men among the Jarwa. The women participates in the economic organisation and in all social
