Suddenly there was heavy rain. When we are contacting & visiting them. It is observed that when it was raining their setting near the fire place which were prepared by them for warming up. They also take their children with them near the fire place. We came back to the ship at about 1.30 P.M. We left the area about 2 P.M. and reached Kadamtala Jetty about 4 P.M and halted there upto next morning.

On the next day morning of 7.11.76 at 7 P.M. Tarmugli anchored near the yadita point. We started by motor boat for the sea shore at about 7.30 A.M. The team carried coconut, banana red cloth and broken iron. Some Jarawa were coming to the beach from the jungle and some were sitting on the shore. By seeing them our boat proceeded towards them. Our boat anchored at a considerable distance. In the meantime all the Jarawa came to our boat and collected all gift items. One of our team member Dr, Raja singh asked Enmen last night where they are staying. Enmen replied that last night they stay on the shore. They formed several group consisting of male female and their children. It is observed that 14 numbers of groups were formed, who stay separately during the night with the presentation items. They are sleeping on the palm leaves and it is also observed that one fire place must be near to their sleeping place. All
