Subj- Damage of property and life by
Jaxwas - Regarding.

Sir,

I invite a reference to the letter No. 111 dated 12th February, 1999 from the Secretary, Malabar Coop Coconut Farming Society Ltd, Agrebraj addressed to this office and copy endorsed to you on the subject mentioned above which is self explanatory.

It is apparent from the letter that a group of Jaxwas entered into the society's plantation at Khuma Dera on 11.2.99 at about 9.30 A.M. They not only damaged the plantation but also attacked one of the labourers of the society brutally and caused injury to him who has been admitted in nearby hospital at Tusconbad. This incident caused mental tension to other co-workers of the society and they have stopped working in the plantation.

This is not the first incident where a group of Jaxwas entered into the plantation and attacked the labourers. In recent past during the 1st part of November, 1998, group of Jaxwas entered into other plantation at Moma Dera which is close to the above named coop society and taken away their food items and other agricultural tools and implements with them. A report has also been made to you vide this office letter No. RCS/3-8/98/3042 dated 27.11.98 for providing shelter to the workers of the said society.

Until and unless a concrete steps is not taken by posting some Police Personnel or instruct the nearby Out Post to extend patrolling duty to the area of the plantation, this incident will not be stopped and no labour will like to work there and ultimately it will hamper the society's work.

I, therefore, request you to look into the matter personally and extend necessary assistance to protect / of the the workers and property of the society from the Jaxwas.

Early action is requested.

Yours faithfully,
