

to collect more coconuts.

87  
29

- Some bruises but no pus.
- Averse to new medication. Wiped off the cream by hand applied by us an bruises of one of the males.
- Only 5 coconuts trees of 2-4 years of age seen along the coast.
- One shark of about 2 mtrs. length seen towards the coast.
- Spoke like "Ogolelei".

#### CONTACT WITH JARAWAS

Landed on western coast near Port Campbell in South Andamans. A burnt big communal hut was seen. One big partially burnt basket of cane was lying there.

Nearby there were three more abandoned huts two of which were small and the third was big in size. Huts were of lean type built near the shore.

- the largest hut had 14 fire places.
- this hut also had a small raised platform on which a Resin torch was lying. (Photographs)
- there was also a soil carrying pot made of leaves
- one old looking waist band was also lying there.
- left 50 Nos. of coconuts and Red Cloth pieces there.

Landed at Yadit Point on 1/3/96 at 0700 hrs. Contact was at the same point at which last contact was made and most of the faces were familiar.
