manners on their backs like Jarawa. About four female Sentinelese smeared their head with green leaves pastes as observed at a close distance. We saw some of ~~males~~ the males, females and children came into the sea to collect the gift articles. Similarly, we saw that six or seven Sentinelese brought down three canoe to the sea towards us. One canoe came near to our boat and try to attack our boat with their adzes. They follow us for few minutes. Thereafter they started to collect the gift articles which were thrown into the sea. All the Sentinelese took the gifts articles and expressed their joy through gestures. The Sentinelese women filled their baskets with coconuts and kept them on the beach. They were happy and cheerfull. The Contact party made some farewell gestures from the boat and at about 9 A.M. the contact team left North Sentinel island and reached Port Blair at 5 P.M.
