Sub: -Regarding Contemporary Survey on Shompen Tribe.

Sir.

Apropos letter No.1-892/2009-TW.Vol.III/481 dated May 20, 2013 vis-à-vis the subject cited above & in continuation of this office letter of even number dated May 22, 2013 it is stated here that the research officers deployed for the purpose are not entitled to Air travel/Pawan Hans Helicopter. More importantly, we received your communication very recently i.e. May 21, 2013 depriving us to seek administrative & financial approval of the competent authority allow them Air travel to Campbell Bay, Great Nicobar. As per information published in The Daily Telegrams dated May 20 & 21 sailing date of M.V.Chowra to Campbell Bay has tentatively been fixed on May 26, 2013; voyage duration is over three days. Invariably, the sailings of vessels are subject to the prevailing weather condition leave alone technical reason. Considering the significance of finalizing the draft policy on Shompen tribe, the proposed Contemporary Survey is imperative. You have justly sought and urged that the expertise of this organization appear of paramount significance. This organization has duly acknowledged your valued request to involve us in finalizing the draft policy on Shompen Tribe.

In view of the facts stated above, I ardently request you kindly arrange & pay their Helicopter fares ex-Port Blair to Camp Bell Bay, if allowable within your financial & administrative delegation of power. A line in confirmation is highly urged.

Yours faithfully,

(A. Justin), Head of Office (CD).
