Sir,

The Tamaras of Tirm area requested before me in very humble manner to take them to Tarnigli Island which is located near Thachona Tamaras Reserve. They wanted to collect edible fruits, wild potatoes and exalts and enjoy a day there. We shall escort them in their visit. Sir to win their trust and love we must do agree with their request.

I request you to pls. communicate the concerned authority (forest) for our visit within 2-3 days as in these fair weather conditions.

Thanking You
