DR. BISWESWAR DAS
TRIBAL WELFARE OFFICER
AAJVS-TIRUR

Left addressed back to Miss Tirur
and Dr. DAS etc. and asked me to forward it
to concerned at Tirur. Well till your information
state last month, there is no such trouble at
the Hill road. And the hill road is not a
problem, and it leads to the village of
Kannur which is located on the bank of river Kaveri
Government had set up a committee to solve various
problems, and now it is under control of
Tribal Welfare Officer. Now the
problem is one that they are facing with
regards to the hill road. Now, because of a
series of hills and mountains, roads are very difficult
to pass through. It is a problem of
such kind which is being faced by the people
therefore to this end no such additional
problem does not exist.
