

15/2

After hearing all the grievances, Prof. Vishwajit Pandya asked the gathering that was there any instance Jarawa saying that they will not go back to their habitat? One bad fish is spoiling the entire pool, the villagers should come together and remove him from the area to stop all illegal activities. He added that we have to understand the tribes to prevent any kind of tension between them and the villagers.

Dr. Pronob Kumar Sircar, briefed about the ground situation that prevailed and action taken by him and the Janjati Sevak of AAJVS during the recent past which has seen a drastic reduction in poaching activities in and around Collinpur, Templemyo area.

Executive Secretary, AAJVS informed that action is being taken for having a tight vigil at Jarawa Protection Post No:- 4. He requested full hearted co-operation of the villagers. He added that the fisherman can very well go to the sea for fishing but they have to enter their name in the register at JPP No: 4 while exist and entry. We have increased patrolling in the area which has yielded good results.
