

13

The statement of Shri. Rajesh Das, who was with the main complainant during the course of incident was also taken by the Tribal Welfare Officer. These statements are nearly same as the statement of the main complainant.

Written clarification / statement of the dinghy owner / contractor of AAJVS Shri. Mahadev Biswas was also taken. As per his clarification, it was intimated by him that his dinghy was not used in that incident on 23/09/2012. He further intimated that Shri. Rakesh saha the old tenderer who lost the tender this year is behind these complaints and providing wrong and misleading information to the department out of jealousy.

41 The Tribal Welfare officer of the area has submitted his report stating that the matter may be got investigated through Police as there are allegations and counter allegations. I am also of the opinion that matter may please be handed over to Police for further investigation because further investigation by AAJVS is not possible..
