14. SHO Ograbraj demanded for a vehicle for conducting extensive area patrolling in Tirur so that a strict watch over the persons who try to contact with jarawas be done and to curb any illegal activities that may harm the jarawas. The SP/SA stated that the matter would be taken up with PMT. However, he assured that he would try to arrange atleast two motor cycles for the moment by requesting SP/PMT.

At last the SP/SA stated that our efforts should be to conduct extensive patrolling in the jarawa reserve area especially in the western coast of Andaman Islands and particularly around North Sentinel Island for the protection of the Particularly Vulnerable Tribal Group(PVTG). He also directed SDPO/Bambooflat to identify the intruders who had entered the tribal reserve illegally in the past and arrange for their counseling and monitoring.
