Sub : Intimation about surveillance— reg.

Sir,

The pervious trip on 14-05-2018 to Port Meadow area has been very worthy about the future perspectives. I am thankful to you for providing prompt logistic support of dinghy and staffs for the said visit.

It may be your kindness enough if you provide with me your staffs and dinghy to make another trip to Port Meadow on **30th May 2018 morning at 6 Am**. These trips of surveillance will help us to reduce /control the poaching and the Jarawa contact with the fishers on the east coast on parallel side of ATR between Punanallah and BD Nallah.
