REF AO(Fin) observation at para 19, 20/N

We had made an attempt to Negotiate with M/S Ashok Cloth House to reduce their rate. But they have stated that it is not possible by them to reduce the rates of this cloths as these cloths are of National level reputed mills which is placed at flag 'A'.

Further it may be mentioned that we had never supplied T.Shirts and Baba Suits to the tribals. So we may supply stitched cloths to the infants also. Perhaps, Baba suit will be costlier than cloths. The details of required cloths are placed at Flag 'B'.

The requirement of clothes for the great Andamanese of Strait Island, the Onges of Dugong Creek and South Bay have already been worked out on the Basis of their populations vide flag 'A' 'B' & 'C' and the total requirement for both the Great Andamanese and the Onges has been worked out vide flag 'D'. Accordingly it is proposed to procure the following Cotton cloths to be supplied to the Great Andamanese and the Onges during the year 1995-96.
