(56) This is regarding stitching of cloths for Onges at Dugong Creek and South Bay. The Social Worker, Dugong Creek informed that the tailor m/s K. Alagar Tailors had handed over some cloths (stitched) instead of full against the whole delivery of cloth to stitch and supply. The Officer-in-charge, Onge Settlement awarded the job to the firm during the month of 12/94 with the direction to complete the stitching work within one month. But they failed to complete the work even after a period of 9 months elapsed. From the report of the S.W's letter at PUC, he has informed that the tailor is not going to supply the balance stitched cloth. The tailor used so many bad language and ask the S.W to do whatever he can.
