

may kindly see para 43/ante. This is regarding supply of free ration to the Orge of S/way for 8/2001. Southbay is 19km ~~east~~ ^{South} to Hutbay whereas D/uek is 32km north to Hutbay. The ompulst is situated at D/uek for the welfare of Orge, but it is not practically possible to carry ration from Dugayuek to Southbay, hence ration for Southbay is procured from cestd.

The population at Southbay is also limited, whereby opening a multipurpose Co-op Society at Southbay is not feasible. Therefore it is requested that the proposal vide notes at para 46/w may be approved.
