

## NOTICE

It is brought to the notice of all that, as per information received from the Govt. of India, South Asia Regional Network's Poster Competition on Ozone Layer Protection is being conducted by the United Nations Environment Programme (UNEP) through the National Ozone Units (NOU) in South Asian Region. The Ozone Cell, Ministry of Environment & Forests, Govt. of India is coordinating this activity in India. The Govt. of India has proposed to organize a National Poster Competition in India. The best three posters would be sent to UNEP for South Asia Regional Poster Competition. Prizes will be awarded on 16 September 2002 i.e. International Day for the Preservation of the Ozone Layer for the top three posters.

- **Purpose:**

To develop posters to create awareness among the general public, enforcement authority (customs, airport officials), industries and traders etc.

- **Background:**

The ozone layer is important because it absorbs ultraviolet (UV) radiations from the Sun thus preventing from reaching the earth's surface. Intense UV radiation is damaging to all forms of life. It causes harmful effects such as increased skin cancer and eye cataracts, plant growth is diminished, aquatic food chain is modified etc. The ozone layer also controls the temperature distribution of the earth's atmosphere, never allowing it to become too hot or too cold. With a damaged ozone layer, the earth can suffer devastating weather conditions.

- **Topic for poster competition:**

"For a green tomorrow stop black trade in ODS".

The topic of the poster is required to be on the phase-out of ozone depleting substances and on the Ozone Layer which need to be protected from environmental degradation.

- Size of the poster: It should be of 60 cm. X 40 cm. Size on art paper.

- **Criteria for participation:**

Any entries on the ozone themes from any one interested in painting on the above topic-students, retired persons, amateurs of any background, painting professionals, will be welcomed. Each work will be judged solely on its merits. The competition is open to all executing UNEP's employees, National Ozone Unit's employees and members of the immediate family or persons living in the household of the above mentioned employees, representatives, officers or directors.

- **Conditions:**

Entries cannot be returned. While all possible care will be taken in handling entries, the organizers will not assume any responsibility for loss or damage to entries. By submitting the entry to the competition, the participant/competitor will forgo copyright and authorize UNEP & TVE to duplicate and print the poster for non profit and awareness raising purposes. Author's credits will remain.

Selected entries will be duplicated and distributed worldwide to promote the protection of the ozone layer and control of illegal trade.

- Jury and judgement of posters:
- A professional jury will be invited to judge the Regional Poster Competition.
- Juries will be composed of professional artists, academicians and experts from institutions and regional ozone layers.
- Prizes and prize distribution:

**Awards:**
