

To, The Director Health Service
Directorate of Health Services
P/B.

Subj: - Not receiving of Baby Food
at Dugong Creek.

Sir,

This is to inform you that myself posted at D/C as Medical Officer in charge got complaint from Chief of ONGE that they did not receive their monthly quota of Baby food which we supply from Sub Centre Dugong Creek since last four months (only the four months May, June, July, Aug from Sept we distributed).

For this matter I had gone through the indent book. Indent book show that they had placed (Social worker) indent and received the quota but did not supplied to ONGE people.

Instead of that they had make a false signature and thumb impression of them.

Asking about their signature they told me that they (social worker) got their signature telling that that was of their Retention Card signature.
