(62) Our letter to which the PUC is a reply may kindly be seen at page 10/c. In this connection the D.O. letter received from Dr. R. Subbakrishna of Anthropological Survey of India, may kindly be seen at page 9/cor. Reference is also invited to para 10 to 15 of Notes on pages 4-5/N. ~~It~~

(63) We may proceed further with necessary action to take the boy with attendants to Mysore for further treatment. It would be a great boon to this poor tribal boy if he could get his hearing and speaking faculties.

We may ask the Social Worker at Digong Creek to decide the persons who could accompany the boy to Mysore in consultation with Shri Tamboli and the Medical Officer.

(64) We may also inform the DHS about the proposal.
