There is an Onge boy ^{by} name ~~Kaku~~ ^{Knaku}. He is deaf and dumb.
 He belongs to South Bay. His parents died few years back.
 Since then this boy is being looked after by his relatives
 in Dugong Creek. This boy is otherwise very intelligent
 and smart. Earlier it was decided to get this boy
 examined thoroughly by an E.N.T. Specialist on his hearing
 organs and if possible if he is capable of hearing, then
 it is likely the boy could speak also. Although a letter
 was addressed to D.H.S. but no further action could be
 taken on this till now.
