in the T.B. Ward. I occasionally contact the concerned Medical officer and I was informed that she requires about 2 months hospitalisation.

Today ^{at about 9.30 a.m.} she came to the office and met me. When I asked her she told me that she has come with the permission of the authorities to collect her dues from office.

(5) In the meantime there was an enquiry from hospital that Lechu had left hospital on Saturday and did not return. In this case the letter from CMO may kindly be seen at flag 'A'. I ~~for~~ She was paid by the Cashier and I told her to go immediately to Hospital and report to the Ward Medical officer. I offered her a lift by jeep but she refused. She left office immediately. I have informed of this to the DHS and CMO vide this office letter at page 2/Cor.
