

DR. R. SUBBAKRISHNA

Sl. No. 7(R)

Anthropological Survey of India
Port Blair, Andamans-744 101

Date 22nd April '88

18/25/4/88
Dear Sri Menon,

Please recall your visit to Dugong Creek along with the high power committee headed by Sri. S.C.Sinha on 20.2.88 during which I was on a study tour there. You may also please recall that you expressed your concern on the Onge boy who is deaf and dumb and wanted to do something which would help him rid of his handicap.

Moved by your concern to the boy's welfare, I carried a thought to do something in this regard. During my recent visit to Mysore, I had an opportunity to talk to Dr. (Mrs) H. Shantha, Professor and Head, ENT Department, Mysore Medical College about the boy. She assured me that she would do everything possible to her as an ENT expert to make the boy gain his faculties. She also volunteered to offer her help in seeking the expert advice from All India Institute of Speech and Hearing at Mysore, if it becomes necessary. I have given the said Professor's address below.

Office:

Ear, Nose & Throat Surgeon
K.R.Hospital
MYSORE- 570 001

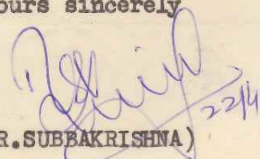

Residence:

414/C "Sreecharan"
1st cross, Double Road,
Kuvempunagar, MYSORE- 570 023
Phone : 26445

I am sure your concern to the boy will make you initiate necessary action at the earliest.

With regards,

Yours sincerely

(R.SUBBAKRISHNA)

To

Sri. Menon
Ex.Secretary
AAJVS, Port Blair
