

Ear Nose & Throat Surgeon, Professor and Head, E.N.T. Deptt: Mysore Medical College. From the letter placed below (Flag 'A') it is seen that Doctor has assured to do everything possible as an E.N.T. Specialist to make the boy ^{to} gain his faculties and also volunteered to offer her help in seeking the expert advise from All India Institute of Speech and hearing at Mysore.

(14) I feel we may make use of this offer and do something to help this poor tribal by to regain his hearing, speaking faculties. Since we are having schemes for the welfare facilities to the Primitive tribes provided in the Special Central Assistance in Tribal Sub-Plan, there will be no difficulty to meet the expenditure on this from our schemes.

(15) If the above proposal is approved, we may write to the Professor (Mrs) Santha about the further action to be taken by us.
