Copy of letter No. Nil, dated 18.4.1988 from Dr. Susan Mathew, Senior Research Officer, Genetic Unit, Pediatric Department, A.I.I.M.S., New Delhi to Mr. Alphonse, Director Tribal Welfare Department A & N Islands, Secretariat, Port Blair.

.....

I had a good and a very facinating experience, at Andaman and Nicobar Islands. I really appreciate your kind co-operation and help which you had given us, during our trip. I am sorry that I could not write to you all these days.

We have started working on the blood samples which we brought from Andamans. Hope that we will come out with some good results.

We would be very much obliged if you could arrange to send us 4-5 kgs of potatoes (tubers) which the Onges consume.

Once again thanking you for your co-operation and help.

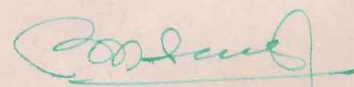

Thanking You,
