Expiry

I visited the Onge and the Jarawa patients admitted to Special ward of G.B Pant Hospital, Port Blair today in the morning they are reported to be improving.

(33)

So, far the Onges are concerned, Shri Kogagele's daughter, Mrs. Neellai is admitted along with three children. Of three children who two are infants, they are fed on milk. Shri Kogagele has reported that he had brought Amul Spray, baby food which has exhausted so Amul spray needs to be supplied immediately for the infants, besides one flask for keeping warm water for preparation of milk is also to be supplied.

(34)

Shri Kogagele has further demanded that he, his son and his son-in-law may be issued with one trousers each instead of Half pants.

(35)

The two Jarawas patients have been issued with one set of dress i.e. one T-shirt and one Bermuda. They are demanding another set of dress for change. Therefore we may issue another set of dress to each of them.

Submitted please.
