DEPARTMENT OF TRIBAL WELFARE**

37. As usual I today visited Onge and Jarawa patients admitted to the Special Ward, G.B Pant Hospital, Port Blair for treatment and enquired of their health. I also spoke to Medical Specialist, Dr. Shiv Shanker Singh, who is attending on them and he informed that the Jarawa patients namely - Shri Momo, age about 15 years and Shri Anate age about 12 years, who have been admitted to the hospital due to illness since 26.6.2001, have almost been cured. They will be discharged from the hospital on 6.7.2001. They were reportedly suffering from caught and cold. It may be recalled here that they were evacuated from R.K Nallah on ATR where they are to be dropped back. It is proposed to send them to R.K Nallah escorted by an official of AAJVS by jeep on 6th July, 2001 itself.

38. With regard to the Onge patient, it is submitted that Mrs. Neelai W/o Shri Nibai belonging to the Onge tribe of Dugong Creek in Little Andaman has been admitted to Special Ward of G.B Pant Hospital since 6th June, 2001 and her illness has been diagnosed as T.B. She is recovering, but will take another one month to recover fully as informed by the Medical Specialist attending on her.

39. Submitted please.
