| (67) |          | This is regarding functioning of Solar Plant at Strait Island. The Social Worker, Strait Island reported that even after his communication to E.E. NRSE, Elec Dept and their report, the Solar Power Plant is not functioning. |
| (68) |          | We may take up the matter with the E.E. NRSE for early action. Subject to approval, DFA please.                                                                                                                                |
