Sub: Bill regarding Replacement of street lights -reg.
Sir,

With reference 4-1/JE/(WES)/Ele/01/1159 dated 09.05.2001, I am to say that the Samiti is paying the charges of solar energy consumed at the Onge Settlement of Dugong Creek and Great Andamanese settlement of Strait Island as and when the bills are raised. The cost of replacing bulbs, streetlights etc may be borne by your department as the same procedure is being followed for supply of diesel energy as provided to AAJVS at various primitive settlements.

Yours faithfully

Executive Secretary
