Sir: Misdeeds and misbehaviour of a
staff in the settlement at Strait Island - reg.

Sir,

I am to draw your immediate attention on the following facts that one Shri. Thatharao, employee of Deptt. of Electricity is working as operator in the Power house since last couple of years. He has been greatly disliked by the tribal members because of his some illicit activities and misbehaviour with the tribes. As many of the tribal members reported, he exports rumour, account, coconut etc to the outer islands as and when he gets opportunity. He offers liquor also to the tribal parties to gain material benefits.

From the overall assessment through self interrogations and observation it is found that the said person has become very notorious among the tribes. The king of the G/A Andamanese community accompanied by other members urged that he should be replaced immediately with a new staff from the concerned Deptt.

Submitted for your perusal and n.a. please.

Port Blair

16/07/2001.

Yours faithfully

(Dr. Premobh. Sircar)
Social Worker - in - Charge
Strait Island

Encl: A previous submission of Mr. Tirakel.
