

Port Blair, dated the 3<sup>rd</sup> Feb., 99.

To

The Executive Secretary,  
Adaman Adim Janjati Vikas Samity,  
Port Blair.

Sub:- Repair of DG Set of Dugong Creek - reg.

Ref:- Your letter No. 16-5/GSM/AAJVS/TW-98/479 dt. 9.11.98.

-:-

Sir,

Kindly refer your letter under reference on the above subject. It is to intimate that there is no power cut in Dugong Creek Power House and both the DG Sets are running condition and regarding leakage in radiator, the same will be replaced with new radiator as soon as it is received for which an order has already been placed.

All arrangements to run the Shompen Complex Power House has been done and is ready to run. But due to land sliding and road block at 14 km, the materials could not be shifted. After clearing the land sliding the power house will be run.

Yours faithfully,

(Manohar Singh)  
Superintending Engineer.
