Sub: Arrangement of a boat:- reg.

Sir,

With respect, this is to inform you that the Talawas, who were camping at Whgathuon chadda a place few kilometers up the Palmer point on western coast have moved further north on the western coast. As told by them, they will be camping somewhere near Totawikigi chadda, a place near Badabalu. This place is too far to reach from police camp-4, and therefore a boat for few days is required.

I on behalf of the team, therefore, request you to kindly make arrangement for of a boat for ~~about~~ ^{few} days since 20th April 2002 and oblige.

Yours faithfully
V. Kumar
