Sub : Kr. Khejere is not well and is taken by his relatives

Dear Sir,

Namaskar.

Kr. Khejere was not feeling well for last two days. He was suffering from mums, as they say. We took him to the doctor who advised rest for a few days. On informing his relatives in Tushnabad, his sister came yesterday and desired to take him home and look after him. After taking permission orally on phone from Gunasekaran sir (T.W.Officer) over phone, we have allowed the sister to take him. The boy will return to hostel after recovering from his present health problem. We are writing this for your kind information.

Thank you.

Yours Sincerely,

P.S. Murthy
