The above note may please be seen. It is a fact that it would not be possible for us to provide any job to Shri Gullet, husband of Smt Leechoo at Port Blair. The other day we have again received a letter from the D.H.S. suggesting that Smt Leechoo, who has declined to work as Ayah in the Medical Department, may be appointed as a peon. The D.H.S. has suggested that on being appointed as a peon, Smt Leechoo will work in the T.B. centre and undergo treatment for the T.B. with which she is suffering. Smt Leechoo is a known T.B. patient and cannot be declared fit for government duty by any staff surgeon or medical officer. And unless one is declared fit, he or she cannot be appointed in government service. ~~We have no post vacant at present.~~

As regards admission of Kumari Kobo in Nirmala Senior Secondary School, we have done all the spade work. But no initiative is coming from the side of Smt Leechoo, m/o Kumari Kobo. The file regarding ~~putting up~~ board and lodging charges of Kumari Kobo has separately been referred to the Secretary (TW). The Social Worker, who had earlier failed more than once to contact Smt Leechoo in Adibasera as Smt Leechoo was not found there, has again been directed to try to contact Smt Leechoo in connection with the admission of her daughter.
