

from prepage

(28) We have a post of Social Worker-Cum-Teacher in Dugong Creek in the scale of Rs. 1400 - 2600 k. This post was manned by Smt. Vijayalakshmi, a graduate trained teacher ~~from Educa~~ on deputation from Education Department. She is the wife of the Senior Social Executive of Dugong Creek. On expiry of her deputation period she was reverted back to Education Dept. in July 1987.

(28) Since there is already a Senior Social Executive, the necessity of keeping a separate Social Worker does not seem to be warranted, as the ~~senior~~ duties of Senior Social Executive itself is social work. The requirement of the Balwadi teacher is only to impart education in the primary stages and also to illiterate adults. For this purpose there is no justification for appointing a graduate trained teacher in such a high scale.

(29) Our purpose will be served if we appoint a Primary School teacher, (even without training) from open market in the scale of Rs. 950 - 1200 calling names from the Employment Exchange. In the alternative we may utilise the service of any existing employee here or their family members if avail with minimum qualification required.

RR Memo
