Sub:- Demarcation of Jarawa reserved area – regarding.

Sir,

Kind attention is invited to the Executive Council meeting held on 12.08.2008 wherein it was decided to complete the demarcation of Jarwa reserve by 31.10.2008 and the demarcation work has to be organized by AAJVS and Revenue Department. The concerned DFO will extend all assistance to the survey team to complete the work in time. The demarcation/survey need to be carried out in presence of the AAJVS and Revenue Department to ensure necessary survey records are generated properly for guidance and reference. The above targeted time is almost completed and the representative of Revenue Department and AAJVS has not been directed to complete the work. Since the survey points are almost 3 to 4 hours walkable distance from the nearby approach where normal GPS are not showing correct reading due to dense canopy. Hence to find out actual/ exact points from the MSL required survey with theodolite.

It is, therefore requested that your survey team may be asked to conduct the survey at the earliest for which the Forest Department staff will provide assistance.

Yours faithfully
