It was resolved that Secretary (TW) shall submit the recommendations of National Productivity Council Kolkatta on file within August 2010.

(Action: AAJVS)

Agenda point no: XII. Any other items with the permission of the Chair

The Secretary (TW) informed the house that supplementary food items like Cerelac and lactogen are provided to Onges and Great Andamanese children above the age of 06 years which is a waste and needs to be stopped. The Director of Health Services also agreed with the views of Secretary (TW).

It was resolved to stop supply of Cerelac and Lactogen to Great Andamanese and Onges Children above the age of 06 years

(Action: AAJVS)

On conclusion of the meeting, the Hon'ble Chairman stressed the need for a coordinated effort in implementing the policies formulated for the tribes so that they continue to be self reliant and do not suffer from a dependency syndrome. Mistakes committed in the past in the case of Onges and Great Andamanese must not be repeated.

The meeting ended with a vote of thanks by the Secretary (TW) to the Chair and other members.
