from para 113/N.

Our field office at Dugong Creek
Once Settlement and Inspection Bungalow
at Strait Island G.A. Settlement needs to
be upkeep for which the items as recorded
at para 116/N and 125/N are required.
The Inspection Bungalow at S/Island has been
seen by Dir/Spl. Secy (TH) also during her
recent visit. Dy. Dir (TH) has also recently
requested that the Inspection Bungalow at S/Island
may be furnished so as to facilitate
regular visits for health care.

It is pertinent to mention that both
the establishments were very badly damaged
due to Tsunami on 26-12-2004 and thereafter
no maintenance was done.

Hence may please approve pursuant
of all items after observing codal (open)
formalities.
