Sub: Tour report-reg.
Sir,

I am to enclose herewith copy of tour report undertaken by me and Shri. S.A. Awaradi, Member, RAB, Andaman & Nicobar Tribal Research and Training Institute on 19/07/2014. The Secretary (TW) directed to discuss the following part of the tour report with Honorary Director, Andaman & Nicobar Tribal Research and Training Institute :-

"It was reported by the Pharmacist that a Jarawa lady suffered from facial paralysis who was taken to G.B. Pant Hospital for treatment. The further investigation like CT Scan, Blood test etc. could not be carried out in respect of this patient as she along with her husband insisted to go back to their area on the same day. Hence, they were dropped back into the Jarawa area. The further treatment of such patient is hampered because of the present arrangement. Therefore, to address such problems, the recommendation of Research Advisory Board, to use the Hotspots as hostels for wellness of the Jarawas is an urgent need".

You are requested to take up the issue in the meeting of Andaman & Nicobar Tribal Research and Training Institute for taking further necessary action.

Yours faithfully
